

MACAZLYN

SPRING 2023 ART COLLECTION

MACAZLYN

Macazlyn is a multidisciplinary artist and designer. She studied art and design and earned a bachelor's degree in Interior Design from Utah State University. She has worked designing custom lighting and graphics at Kelly Wearstler in Los Angeles and high end residences at Alder and Tweed in Park City.

While working in the interior design world, Macazlyn found herself continuously using art as a creative outlet in addition to design. She realized that her favorite way to express herself creatively was by working with her hands and creating unique, tangible objects. She cultivated her love of interiors into the art she created and used her knowledge of design and spaces to create an experience for the viewer of her pieces. Macazlyn loves working with interior designers & art lovers to create art that not only stands on its own, but also works within the space it will reside to bring depth, expression, and beauty to the space.

TEXTURE

BACKGROUND

FRAME

COLLECTION

The Tangencias Collection is made up of a 3D art style which utilizes plaster to create height variance. Each piece is handcrafted on high quality, wood canvas. Applied acrylic paint and mixed materials create background texture, and extruded plaster shapes are molded and applied to the facade and edges of the canvas. The protruding plaster shapes and background space make for an interesting and dynamic 3D form.

LET'S CREATE SOMETHING TOGETHER

When it comes to commission pieces, the possibilities are endless. My favorite pieces are the ones that are created through collaboration. I love the process of taking the vision of a client and mixing it with my own artistic vision.

Send me an email and we can discuss upcoming projects and ideas you have. I look forward to working together!
